

Scott Kerlin's Soccer Unlimited Skills Clinics

This program's emphasis is on the technical and tactical development of the child. It is highly interactive and is designed to allow players to develop at their own pace. Scott is a strong believer

in positive reinforcement as a teaching tool and strives to create an enjoyable atmosphere where individuals can have fun while learning. The program imparts a basic understanding of the fundamentals of offense and defense. All skills taught are age-specific and reinforced with individual, group, and team drills. Small-sided games and larger field games are used to simulate actual game situations in order to cement techniques taught.

EXPERIENCE

Scott has been involved in organized soccer for over 30 years. He spent two years in the professional ranks in the United Soccer League with the Dallas Americans and in the American Indoor Soccer Association with the Louisville Thunder, Columbus Capitals, and the Fort Wayne Flames. He spent one year with the Phoenix Pride reserve team and two years with the Phoenix Inferno/Pride farm team, both of the MISL. He has also professionally coached the past 19 years for teams such as the Dallas Americans, the American Generals, the N.E.T. Longhorn/Challenge, and the American Eagles Soccer Club. He is the Director of Coaches, managing a staff of coaches for the DFW Tornados/American Eagles Soccer Club. Scott currently holds a Texas "D" State license, USSF "Y" National Youth License and a USSF "A" National license.

A handpicked staff of coaches who have superior knowledge and vision of the game is also available. Their credentials are available on the AESC website.

TOPICS & HIGHLIGHTS
